

Cannabis Pharmacy 2023 & Me

Course Description:

Cannabis Pharmacy 2023 & Me will focus on the role of the pharmacist and healthcare professionals in an ever-changing legal landscape of medical cannabis.

Date

10/28/2023

Eden Prairie, MN

9:45am-5:45pm EST

Learning Objectives:

Upon successful completion of this knowledge-based course pharmacists should be able to:

- 1. Describe the risks of storing and administering medical cannabis in institutional settings.*
- 2. Illustrate strategies to mitigate the risk of diversion and adulteration of medical cannabis products.*
- 3. Design a safe handling policy for medical cannabis in institutions.*
- 4. Identify the required processes to precept students in the dispensary.*
- 5. Evaluate the responsibilities for preceptors and pharmacy students in a dispensary rotation.*
- 6. Describe the experience of a preceptor and student in the dispensary rotation.*
- 7. Explain the role of healthcare professionals in states that allow for adult-use.*
- 8. Show the challenges faced by healthcare professionals in states that do not mandate healthcare professional involvement.*
- 9. Identify challenges faced by patients in programs that do not have access to healthcare professionals.*
- 10. Compare how medical and adult-use programs differ in terms of accessibility, product availability, and price.*
- 11. Describe the consumer experience when presenting to the dispensary for medical versus recreational purposes.*
- 12. Examine how the role of the healthcare professional has changed since legislation allowed for adult-use.*
- 13. Discuss ways to bridge gaps in care between non-medical consumers and medical patients.*
- 14. Evaluate the role of healthcare professionals in states that are considering allowing for adult-use.*
- 15. Summarize resources available to healthcare professionals in states that allow medical and adult-use cannabis.*
- 16. Define comprehensive medication management (CMM).*
- 17. Compare and contrast comprehensive medication management (CMM) to medication therapy management (MTM).*
- 18. Examine the purpose and contents of a collaborative practice agreement.*
- 19. Analyze the process for collaborating with a physician to provide CMM services.*
- 20. Identify required documentation to ensure successful reimbursement with third party payers.*
- 21. Summarize the legal considerations for billing insurance for CMM services.*
